## The League of Women Voters of Washington

*Empowering all Washingtonians to engage in a more responsible and responsive democracy*

Rooted in the movement that secured the right to vote for women, the League has worked to foster civic engagement and enhance access to the vote since we were founded in 1920. Over time our work has evolved from efforts to gain and foster women's suffrage to ensuring that all eligible voters – particularly those from traditionally underrepresented or underserved communities, including first-time voters, non-college youth, new citizens, minorities, the elderly and low-income Americans – have the opportunity and the information to exercise their right to vote.

The League believes knowledge is key to voting, so we educate and advocate on:

- Natural resources: clean air and water, energy, land use planning
- Social policies: education, health care, housing
- Governmental policies: open government, fair taxes, and more

**Be bold – make a difference – join the League**
