

# No Internet

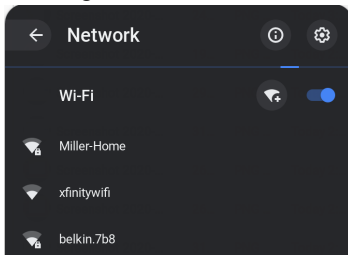

If you see a screen like the following, you may be disconnected to your home WiFi.

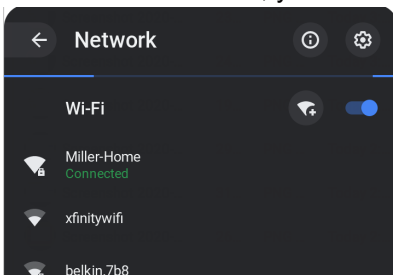

To reconnect, click on the WiFi icon in the bottom right of the screen. A box will appear that shows the

chromebook settings. Click on the network select button. You will see a list of available networks to

connect to. Click on your home network. Your chromebook will then connect to your home network. If successful, you will see green text that says "Connected" under your home network.

**Still Can't Connect and have access to Email on another device?** Email support at: [chromebooks@sheltonschools.org](mailto:chromebooks@sheltonschools.org).
