Click "next"

4. Student password is the first initial of his/her first name, first initial of his/her last name and the student ID number. Click “Next.”

The image shows a Google account login interface. At the top is the Google logo. Below it, the text "Hi Freddy!" is displayed. A dropdown menu shows the email address "95263@sheltonschoools.org" with a small profile picture icon to the left. Below the email field is a password input field containing the text "fm95263". At the bottom left, there is a link that says "Forgot password?". At the bottom right, there is a blue button labeled "Next".

6. Click on the box of boxes in the top righthand of your screen

7. Select "Google Classroom"

All of your child's classes will appear.

The screenshot displays the Google Classroom interface. At the top, the browser address bar shows 'classroom.google.com/h'. The Google Classroom logo is visible on the left, and a user profile icon is on the right. The main content area features a grid of class cards. Each card includes a title, a number, and the number of students. The cards are:

- ADVISORY (18-19) 0**: 22 students
- 7B ACADEMY SS (18-...**: 27 students
- Washington State His...**: 33 students
- Washington State His...**: 33 students
- Washington State His...**: 29 students
- Washington State His...**: 23 students

Each card has a three-dot menu icon in the top right corner and a line graph icon and a folder icon in the bottom right corner. A question mark icon is located in the bottom left corner of the grid area.

A few important things to know about Google Classroom:

- 1. We do NOT grade in Google Classroom, generally speaking, so don't worry about ungraded assignments there. Assignments grades will appear in Skyward.**
- 2. Students can mark their work as "Turned In," even if they have not done any of it. If you want to make sure he or she did his work, go into Google Classroom and look.**
- 3. The best way for students to create assignments to be turned into Google Classroom is in Google Classroom, not to create the assignments by opening Google Docs or Google Slides.**

Unfinished or unsubmitted work can still be viewed by the teacher if the assignment is created in Google Classroom.

Creating an Assignment in Google Classroom

1. Have your child click on the class, select the assignment, and click on the assignment.
2. Have your student click on "+ Add or Create," in the upper right hand of the screen in the assignment screen.

Creating an Assignment in Google Classroom

3. Select the type of file needed for the assignment. “Docs” is the Google version of “Word,” “Slides” is the Google version of “Powerpoint,” and “Sheets” is the Google version of “Excel.”

Creating an Assignment in Google Classroom

When he or she completes the assignment, all he or she need to do is click “Turn In” and the teacher will be notified that the assignment is done.

Questions?

Thank you for attending!!!
